Unparalleled Logistics Services for Your Enterprise in Mexico

The Kuehne + Nagel team of logistics specialists understands the logistics needs of pharmaceutical, technology, retail, auto and specialty industries. We design customized solutions that meet your unique industry requirements.

Information Management

Kuehne + Nagel maintains an advanced warehouse management system. The system is fully Internet enabled, providing ready access to historical data, the ability to manage customer back orders, modify in-process documents and produce almost any type of report in real time. The order tracking system pinpoints orders through multiple checkpoints, indicates the exact location of the order and measures the performance of the picking process.

Transportation Management

Strategic alliances with leading Mexican providers of overland transportation services enable Kuehne + Nagel to offer a single-source overland transportation solution for small packages and less-than-truckload shipments.

The Kuehne + Nagel Advantage

Kuehne + Nagel is a full-service logistics services provider that integrates seamlessly with its customers' operations, so that it becomes an extension of your business. Kuehne + Nagel creates value for its customers with customer-focused supply chain solutions using real-time data. The Kuehne + Nagel network has more than 14 million square feet of dedicated and multi-client distribution center space across North American and 30 million square feet throughout Europe and Asia.
